---

### ***From the Major's Desk***

As most of you reading this will know I recently had an accident while walking our dog. I slipped on wet grass whilst running with Lottie and fell and broke a bone in my upper left arm.

If any of you have broken a bone before I really sympathise with you, it is painful and debilitating! It's amazing how much, in the case of breaking your arm, you realise how much you need both hands to do so many day to day things.

I thought because it wasn't my right arm I would be able to continue to do things as normal, like getting dressed, washing, opening a jar of marmalade, but I soon found out these every day chores couldn't be done with one hand as both are needed.

In 1 Corinthians 12:12-26 the Apostle Paul speaks about the parts of the body all needing each other: *'For the body itself is not made up of only one part but of many parts'* (v12 GNB)

If you have ever tried to pick up a book using only one finger, it can't be done, the whole hand is needed to pick up the book, and so, in our service to God, The Salvation Army or any Church, we cannot go it alone, we need everyone to make God's kingdom grow. Some may play a prominent part and other's not so, but we're all needed. The thumb might be a big digit but little finger is needed to complete or achieve the task.

Continued over leaf

## THE SALVATION ARMY

*The Lord is near; have no anxiety,  
Make your requests known to God in prayer.*

*The Lord is near; have no anxiety,  
Make your requests known to God in prayer.*

*Then the peace of God,  
Which is beyond our understanding,  
Will keep guard o'er your hearts and thoughts.*

*Then the peace of God,  
Which is beyond our understanding,  
Will keep guard o'er your hearts and thoughts.*

**SASB 793**

When I talk with Jesus,  
Bring to him my care,  
With his own sweet comfort  
Jesus answers prayer.

**SASB 797 Ivy Mawby (1903-1983)**
