

ANY IDEAS?

You will know that we are in period of significant change. Many people are coming up with some lovely ideas for things we could do; things we could do differently, etc. There are some 'ideas' sheets available at Reception on which you can write your 'blue-sky' thinking. Please give your completed forms to any member of the MAD team. They will all be looked at and given serious consideration. Thank you!

“Learn from yesterday, live for today, look to tomorrow...but rest this afternoon!” (Charlie Brown)

Whether we like it or not, we are living in a period of change. Brexit, a new Prime Minister, planning for a new Corps building, even a new start time for Band Practice!

*Sometimes, we are the source of the change
Sometimes change is forced upon us
Sometimes the progress of change is slow
Sometimes change seems out of control
Sometimes we are the ones who are slow to change
Other times we change instantly, 'In the twinkling of an eye'*

Is change really needed and if so, how can we make the change experience more bearable? At the end of the day, what has God got to do with it?

It will be my privilege to help us explore this together.

Major Mike Warner
